

Proposed Sign Code Ordinance Amendments

Public Review Session

On Thursday, June 22, 2017 a Public Review Session in the EOC Meeting Room, Downstairs City Hall, at 5:30 p.m. is scheduled for interested members of the public to be presented with proposed changes to the City of Abilene Sign Code Ordinance. Proposed changes will be presented with public comments received. Comments that are received will be provided to the Abilene Planning and Zoning Commission to assist in developing recommendations to City Council for Sign Code Ordinance amendments.

A link on the City of Duncan website has been created for the purpose of providing a “redline” version of the Sign Code Ordinance proposed changes to compare proposed changes to the current adopted Sign Code Ordinance. In addition, a PowerPoint presentation is provided to assist in the review of proposed changes to the Sign Code Ordinance.
