## New apps make it easy to report a problem, find some fun, and show your #ABILove

ABILENE, Texas – Two free apps are now available for download to help the public report a problem, or find some fun, right from their fingertips!

**SeeClickFix** enables anyone to report a problem directly to the City by simply taking a picture of the issue, and tapping submit. From potholes and graffiti, to illegal dumping or broken playground equipment; the issue is routed to the appropriate City department. City staff can then follow-up and share the status of each issue reported.

**MyABI** is developed in partnership with the Abilene Convention & Visitors Bureau. With it, locals and any of Abilene’s 3.8 million annual visitors can check out upcoming events, learn about top attractions, find a place to stay, or try out a new restaurant.

The two apps are the perfect way to show your **#ABILove**, and help build our city into the best it can be. *Download the apps to learn how to write a thank-you note for people who work to improve our city every day, and enter for a chance to win an Abilene staycation that includes a 2019 four-person season pass to Adventure Cove, tickets to the Children's Art and Literacy Festival, the Abilene Zoo, Frontier Texas, the NCCIL, the Grace, and more!*

Follow the City of Abilene and Visit Abilene, Texas on social media for links to download SeeClickFix and MyABI, and see how 1,250+ Abilene I.S.D. kids have helped us kick off our thank-you note campaign. On March 4<sup>th</sup> we’ll have a live drawing for the Abilene staycation!
