City of Abilene welcomes Chief Information Officer

ABILENE, Texas - The City of Abilene would like to welcome Robert von Wolfradt as its Chief Information Officer.

Mr. von Wolfradt comes to Abilene after a history of service in public and private sectors, including serving as the Chief Information Officer for the states of Iowa and Wyoming, and a Chief Master Sergeant for the United States Air Force with twenty-one years of service to our country.

“Mr. von Wolfradt will lead the City’s efforts to better leverage technology to serve our citizens as Abilene’s first Chief Information Officer,” said Abilene City Manager Robert Hanna.

“Previously, the City’s Information Technology Division did not always have a seat at the table and wasn’t always brought into high level discussions on technology. Bob will lead a team of dedicated professionals and will ensure that the City’s acquisition and implementation of technology is strategically focused and well executed,” added Hanna.

Von Wolfradt will begin work with the City of Abilene this month.
