Citizen Survey

ABILENE, Texas – The City of Abilene is conducting a citizen survey to collect community feedback on city services and future community improvements.

The City is conducting the citizen survey in an attempt to improve our service delivery and intends to use the information collected to better inform the City Council and staff on where the community sees room for improvement.

The survey will be available to City of Abilene customers with a water account. Customers have been assigned a unique survey number that will allow access to the survey; the survey is not accessible without this number. The Abilene Public Library will have surveys available for residents who do not have a water account and would like to participate in the survey.

The survey takes approximately 15-20 minutes to complete. All answers remain anonymous.
