

Only Rain
Down the
Drain!

EVERYDAY ACTIVITIES MATTER TO OUR CREEKS & LAKES

Explore the world of science
through our enviroscape model.

The youth today are the leaders
of tomorrow help them take care
of their community &
neighborhood..

- Explore the water cycle, aquatic habitats and Abilene's watershed
- Participate in hands-on exploration to see how human activities affect our water sources.
- Learn new vocabulary words pertaining to water and water quality.
- Learn how storm drains - and what goes down them- are critical to maintaining clean water.
- Discover ways they can make a difference in keeping water clean and healthy for people and wildlife.

This program is *free of charge* to classes on a first-come first-serve basis. Space is LIMITED!
